

THE SUNDAY PROGRAMME

“Tiki Tours” have been a popular feature of past conferences and they have been included this year by popular demand. Some collections on this tour have not been open to viewing previously and we are grateful for the generosity of the members who have agreed to participate this year. Location maps and further details will be made available at the Conference Dinner on Saturday night. The morning tour will conclude at approximately 12.30 pm with a lunch at the home of Club member Nolan Parker. . Nolan will open his home for members to view his collection of infill planes and hand saws and also view the re-instatement of the interior of his Victorian Villa.

CATALOGUE TABLE

The Club has accumulated a number of catalogues, books and manuals on woodworking, construction and tool subjects. These will be made available for members to peruse and purchase. Check out the table at LaValla on Friday and Saturday.

ACCOMMODATION

If you require accommodation, a billet with an Auckland Club member can be arranged. Just ensure that section of the registration form indicates your requirements. Alternatively, you can make your own arrangements with the following Motels - all are within easy driving distance to the Conference venue.
